Call for Applications Manuscript Writing Workshop

The Journal for Public Health in Africa, in collaboration with Africa CDC, invites applications for a Manuscript Writing Workshop to be held on the sidelines of the upcoming Conference for Public Health in Africa that will be held in Rabat, Morocco.

Eligibility:

Early-career researchers working on priority diseases in Africa. The priority diseases are Anthrax, Avian Influenza, Chikungunya, Cholera, COVID-19, Crimean-Congo Haemorrhagic Fever, Dengue Fever, Ebola Virus Disease, Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), Hepatitis E Virus, HIV (Human Immunodeficiency Virus), Lassa Fever, Malaria, Marburg Virus Disease (MVD), Measles, Meningococcal Meningitis, Mpox, Plague, Poliomyelitis, Rift Valley Fever, Tuberculosis, Yellow Fever and Zika Virus.

Workshop Highlights:

- Intensive training on scientific manuscript writing including structure of scientific papers, effective writing techniques, data presentation and analysis, addressing reviewer comments and publication ethics
- Guidance from leading African researchers
- Networking opportunities with peers and mentors
- Potential for publication in the Journal for Public Health in Africa

Workshop Period:

21-25 NOVEMBER 2024

Rabat, Morocco

How to Apply:

Please forward your CV and a cover letter with your areas of interest by email:
communications@africacdc.org

Application Deadline: **September 20th 2024**

Women and researchers from Central Africa are strongly encouraged to apply.

Selected participants will receive sponsorship covering travel, accommodation and workshop materials.
